BVI FRIDAY FORECAST · 13 NOVEMBER 2026

Breezy Saturday, easing Sunday

The weekend into Tuesday · bvicruisingguide.com/bvi-weather-forecast

WIND
Southeast 15 to 20 kt Saturday, gusts 25. Easing to 10 to 15 Sunday, then east 10 to 15.

SEAS
Inside the Drake about 3 ft Saturday, about 2 ft after. Outside 3 to 5 ft, occ. 6.

SHOWERS
Mostly dry weekend. Scattered showers return Monday.

AIR AND WATER
83 to 85°F by day, 77 to 79°F at night. Water 86°F.

Day	Wind	Point of sail, Drake	Inside Drake	Outside	Rain	Sailing call
Saturday 14	Southeast 15 to 20 kt, gusts 25	Beam reach through the Drake	About 3 ft	3 to 5 ft, occ. 6	10%, isolated showers early	Breezy and choppy. NWS small craft caution: reef early.
Sunday 15	Southeast 10 to 15 kt, gusts 20	Broad reach west, close reach east	About 2 ft	2 to 3 ft	10%, sunny	The pick of the weekend: easier wind and sea.
Monday 16	East 10 to 15 kt	Run west, beat back east	About 2 ft	3 to 4 ft, occ. 5	40 to 50%, scattered showers, thunder possible at night	Classic trades with passing showers.
Tuesday 17	East around 15 kt	Run west, beat back east	About 2 ft	3 to 4 ft, occ. 5	20 to 30%, scattered showers	Steady easterly trades.

Where to go

- The Bight, Norman Island: a reliable trade-wind anchorage, sheltered from the southeast.
- North Sound, Virgin Gorda: plenty of room and shelter in the trades.
- Cane Garden Bay: the north swell has faded, so it is a good trade-wind stop again.
- Trellis Bay: easy and sheltered in southeast to east winds.

Tides

Sat high 12:35 pm, low 3:49 am. Sun high 1:13 pm, low 9:58 pm. Mon high 1:56 pm. Tue high 2:39 pm (NOAA, St. John). Range about 1 ft.

Watch out for

- Saturday: southeast 15 to 20 knots, gusts to 25. NWS San Juan says small craft should exercise caution, with choppy to locally rough seas.
- South- and southeast-facing anchorages can be bouncy on Saturday; pick a spot tucked behind a headland.
- Anegada Passage: 5 to 6 ft, occasionally 8 ft on Saturday, easing to about 4 ft Sunday.
- Monday: scattered showers, with a chance of thunderstorms Monday night that can bring sudden gusts.

Tropics

NHC (7 AM EST Fri): tropical cyclone formation is not expected during the next 7 days.
